

MOVING TO MOODLE

PRESENTATIONS & DROP IN TIMETABLE

FEBRUARY 2013

Through February the Learning Design Unit (LDU) are running short presentations and drop-in lab sessions for academics involved in the Early Adopter program and preparing their own Moodle sites for Autumn 2013.

These will happen on Mondays and Wednesdays. Come along to a lunchtime presentation (BYO lunch), and then follow up with time in a lab, where the LDU team will be on hand to help you build your Moodle site.

The lunchtime presentations will include an opportunity to hear from academics involved in piloting Moodle over the summer session. Presentations are broken into two sessions, with plenty of time to ask questions in the break or at the end—feel free to come along for just half an hour.

On Wednesday 13th February we will be joined in the lunchtime presentation by Professor Eeva Leinonen, our new Deputy Vice Chancellor (Education)

WEEK 1 — MOODLE BASICS

PART 1: 12.15 — 12.45 pm

PART 2: 1.00 — 1.30 pm

- ▶ Building 38 (Education) Room G01

Moodle principles | The different roles for academics in Moodle | Options for site design: which is best? | Uploading content | Basic forum use | Managing Moodle's emails to you | Moodle on mobile

MONDAY 4TH FEBRUARY (REPEAT WED 6TH)
