

**CENTRE FOR RESEARCH ON MEN AND MASCULINITIES (CROMM)**

**CONFERENCE**

# The Future of Fatherhood:

## What's next in fathering practice and research?

UNIVERSITY  
OF WOLLONGONG  
AUSTRALIA

This conference will bring together researchers, practitioners, and those interested in fathering to explore fathering practice and research. What will the future of father research look like? What impact do fathers have? How can fathers be engaged in children's lives? How do particular groups of men negotiate and experience parenting? How does fathering intersect with masculinity? How is fathering shaped by political, cultural, or institutional forces?

Please submit your proposals for presentations, workshops, or papers by September 9, 2016. See <http://www.uowblogs.com/cromm/events/> for more information.
